

Sprayer: 800 L Nursery Cannon

The **800 L Nursery Cannon** is designed for pumpkins, melons, vegetables, Christmas trees, nursery trees and much more! This Sprayer has been engineered to fit on a tracking axle chassis. The tracking axle allows for greater maneuverability and tighter turns. Depending on the crop and wind conditions, the MM 800L Nursery Cannon Sprayer has an effective spray swath up to 80 feet wide and can cover large areas in a short amount of time.

Features:

- Hand-washing tank
- Circuit-washing tank
- Hydraulic agitator
- Galvanized frame
- Galvanized Fan
- Telescoping hitch
- Floatation tires
